

Chair Caps Sell Sheet

We manufacture chair caps for any type of chair. We have fabric and vinyl materials available in many colors such as black, red, ivory, green, navy blue and white. Our chair covers are a great way to brand your event or designate certain areas either through color, logos, or wording. For more information, please visit <http://www.garymanufacturing.com/chair-back-covers-caps>.

For an accurate quote, please provide the following information:

- Are you looking for fabric or vinyl?
- Dimensions of chair caps, width by height.
- What is the thickness of the chair?
- Is the back shape round or squared?
- Email picture of the chair.

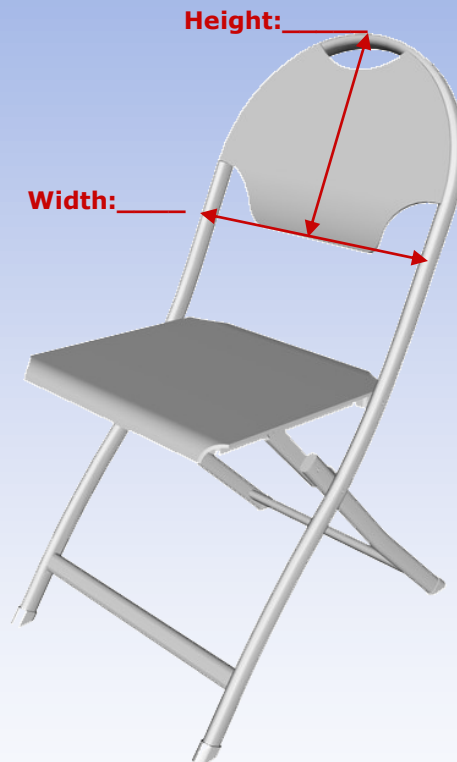

To quote printing or embroidery, please provide the following information:

- Logo in EPS file or Vector file.
- Size of the logo required, width by height.
- Placement of the logo.

How to measure

Height: Measure from the top of the chair down to where you want the chair cap to drop.

Width: Measure across the width of the chair at the widest point.

If you need any help along the way, feel free to call us or email us. We'll be happy to answer your questions.
