

Fabric Aprons Sell Sheet

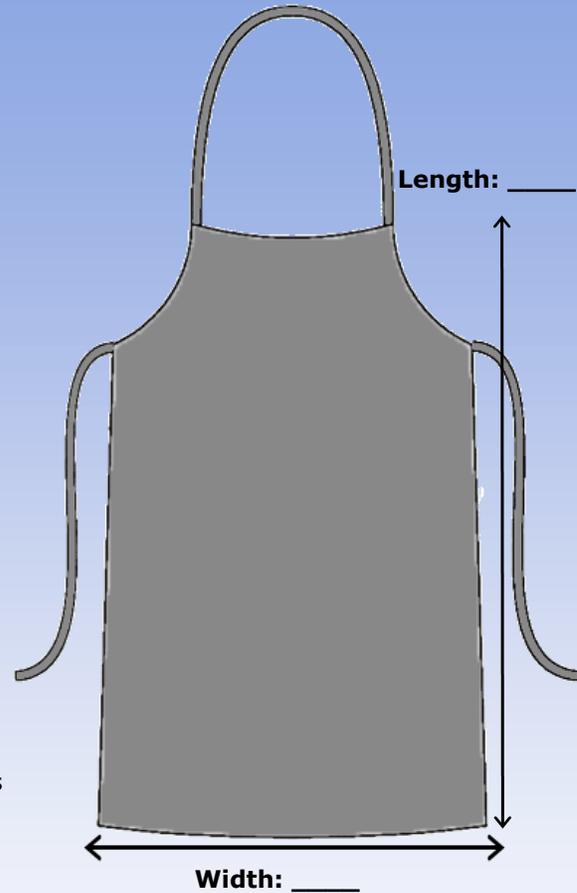

We supply many styles of fabric aprons. Fabric aprons can be made in our Premier or Poplin polyester. The fabric we use is 100% polyester and washes well especially for commercial use. We reinforce at stress points and use the same fabric ties for extra durability and strength. We can manufacture almost any style of apron you need. We can also silkscreen or embroider your company name or logo on the aprons. For color options, please visit our website <http://www.garymanufacturing.com/aprons-vinyl>.

Premier Polyester

- 100% Spun polyester in an oxford weave
- Protected with Scotch-guard™ brand from 3M.
- Tough stains, (even coffee) come out in the wash.
- Odor resistant
- Lasts numerous industrial launderings.
- Longer life cycle than other fabrics
- Colors stay vibrant and will not fade unlike cotton and blends
- Woven, dyed and finished in the USA.
- Premier polyester is more popular for aprons, since it is a more heavy duty fabric.
- The Premier polyester is available in more than

Poplin Polyester

- 100% Spun polyester in a poplin weave
- Extremely durable, and anti-wrinkle.
- Tough stains, (even coffee) come out in the wash.
- Odor resistant
- Lasts numerous industrial launderings.
- Longer life cycle than other fabrics
- Colors stay vibrant and will not fade unlike cotton and blends
- Woven, dyed and finished in the USA.
- The Poplin polyester is available in standard colors such as white, black and ivory.

For a quote, we will need the following information:

1. What material are you interested in? _____
2. Color preference? _____
3. What size do you need the aprons? Length _____ Width _____
4. Do you want to add a pocket or pen pocket? _____
5. Do the aprons need to be adjustable at the neck? _____
6. Do you want to add a logo? If so, please send the logo in JPEG or EPS file. Let us know what size you need the logo, width x height and the placement of the logo.

If you need any help along the way, feel free to call us or email us. We'll be happy to answer your questions.
